4 x 64" belt.....	\$256.00

EXPANDING DRUMS-1 inch arbor.

These drums are a must for sanding and polishing belts. Soft, pliable rubber expands during rotation to grip the sanding or polishing belt. Make changes quickly and easily by sliding the belts from the drum. At slow speeds the flexible surface wraps around the curved surfaces for increased contact with the work piece. When using at high speed, the drum acts like a hard rubber grinding wheel. Use with any of our polishing belts.

6 x 1.5".....	\$48.00
6 x 2.5".....	\$55.00
8 x 3".....	\$64.00
